The meeting was called to order by Chair, Richard Haggerty.

A motion was carried to approve the February 2021 meeting report.

The group discussed reformatting the Association Executive Forum. The agenda will continue with limited NYSAR staff reports and will be left open to all AEs and staff to attend.

A nominating committee was created in order to select 2022 members of the Advisory Committee.

The AE Seminar was discussed with the following suggestions:

- Chair and Vice Chair select a planning committee
- Look at moving the seminar around the state
- Leave time for a collaboration and idea-sharing session

A few new ideas emerged including an AE mentoring/on-boarding program, an RCE get-together and/or study session and training.

The committee would like to move forward with a virtual 2022 broker summit.

With no further business, the meeting was adjourned.
